

*To the Rev.*

DEAR SIR,

Some friends of the Anti-Slavery cause among the Unitarians of the West of England, respectfully take leave to forward to you the accompanying document in the hope that it will meet with your approval; and, in such case, may at the earliest opportunity your convenience will allow, be submitted to the notice, and recommended for the signature, of as many as possible of the *adult male members* of your religious society.

It has been said, on all hands, that a respectful and affectionate expression of our feelings on a subject so closely interwoven with the interests of humanity, and the honour and purity of our Christian profession, could not fail to be met in a kindred spirit of kindness and regard by our brethren in America,—and as the

present appears to be an occasion peculiarly requiring some such form of Address,—your best co-operation in its promotion is earnestly desired.

The paper enclosed may be returned either to the

REV. GEORGE ARMSTRONG,

Clifton Vale, Clifton,

Or to the

REV. WILLIAM JAMES,

Kingsdown, Bristol;

whom an early communication will much oblige.

*August 1st, 1847.*
